About Us.

Introduction

The Kamrup Industrial Gases Limited (KIGL) was established in 1947, initially known as Industrial Gases Ltd, founded by Mr. Kanhiya Lal Garg, a visionary entrepreneur and a pioneer in the field of industrial gases, KIGL holds the distinction of being the first and oldest gas company in Assam. With its inception, KIGL laid the foundation for the industrial gas market in Assam, playing a pivotal role in shaping and expanding the region's gas industry.

The company began its journey with the production and distribution of industrial oxygen, medical oxygen, and acetylene gas, and quickly diversified into manufacturing acetylene generators, arc welding electrodes, and welding and gas cutting equipment. From the very beginning, KIGL has operated with a "consumer-first" business philosophy, ensuring the delivery of high- quality gases and services tailored to meet the evolving needs of its clients. This unwavering commitment to quality and service has earned the company a trusted name in the industry.

Today, KIGL is a recognised market leader with a strong presence not only in Assam but also across West Bengal and Uttar Pradesh continuing its legacy of excellence and innovation in the industrial gas sector.

Mission & Vision.

MISSION

- Drive a streamlined, end-to-end gas supply chain across Northeast India to enhance delivery efficiency and customer uptime.
- Prioritize safer, cleaner, and more reliable industrial gases to elevate operational standards for every client segment.
- Accelerate the development of advanced technologies that strengthen innovation across the industrial gas ecosystem.

VISION

- Establish KIGL as Northeast India's most trusted and performance-driven industrial gas manufacturer.
- Deliver a unified, one-stop solution for the complete spectrum of industrial gas requirements.
- Champion stronger safety norms, optimize operational processes, and foster technology-led improvements for a faster, safer, and more resilient gas supply network.

Our Philosophy.

KIGL's operating philosophy is built on a sustained market legacy and a performance-first mindset. With seven decades of uninterrupted service, a portfolio of 2,500+ customers, and over 700 active affiliated plants, the organization remains firmly aligned to delivering consistent product quality, uncompromised safety, and end-to-end reliability. Customer satisfaction is treated as a strategic imperative, driving disciplined execution, continuous enhancement of operating frameworks, and a solutions-oriented approach across every touchpoint. This philosophy underpins KIGL's long-term value creation and its position as a benchmark player in the industrial gas ecosystem.

Our Products

GAS PLANTS

- Acetylene Gas Plant
- PSA Oxygen Gas Plant
- Nitrous Oxide Gas Plant

INDUSTRIAL GASES

- Acetylene Gas
- Argon Gas
- Carbon Dioxide Gas
- Hydrogen Gas
- Nitrogen Gas
- Nitrous Oxide Gas
- Oxygen Gas
- Calibration & Speciality Gases

GAS EQUIPMENTS

- Cylinder Cascade Systems
- Flash Back Arrestors
- Flame Arrestors
- Industrial Gas Pipelines
- Medical Gas Pipelines
- Fuel Gas Pipelines
- Heat Exchangers
- Reticulated Gas Systems

LIQUID GASES

- Liquid Argon
- Liquid Oxygen
- Liquid Nitrogen
- Liquid Carbon Dioxide

Our Location
